

Gordian Job Order Contracting (JOC) through Maryland Department of General Services (DGS)

Gordian's Job Order Contracting (JOC), accessible through the Maryland Department of General Services (DGS), is a game-changer for construction procurement in the state. It enhances the efficiency and cost control of the procurement process by establishing price transparency and local, competitively-awarded contracts. With one contract, multiple projects can be accomplished – eliminating the need for separate bids. JOC empowers project owners to bypass the lengthy procedures of traditional procurement, issue purchase orders in a matter of days and still meet local competitive bidding requirements. Embrace a best-in-class construction procurement process with Gordian JOC.
